

When printing this out you will note there are 4 copies per page. Pass one on to a friend, colleague or family member. There is no cost for this card. Not all prescription drugs are covered, however many are covered. It doesn't cost anything to ask your Pharmacist if your medicine is covered. For many seniors who find themselves in the, donut whole, where they have exceeded the limit covered by their insurance, this may come in handy. You do not need to be a senior to use this card.
